DETAILED ACTION

Allowable Subject Matter

1. The following is an examiner's statement of reasons for allowance: Claims 1-19 and 21 are allowed because the prior art fail to teach or fairly suggest a ring laser cavity as recited in the claim, especially with the polarisation selection element comprising at least one mirror of the cavity spaced away from the gain medium and arranged to reflect light at an angle displaced from the normal of the at least one mirror such that the reflectivity of the at least one mirror is sufficiently polarisation dependent that the laser oscillates uni-directionally.

2. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
